

A large, industrial-grade digital color press machine, the Kodak NexPress S3000. It is a dark grey/black machine with a prominent orange light on top. The text 'Kodak' is visible in red on the front panel, and 'NexPress S3000 Digital Production Color Press' is printed in smaller text below it. The machine is shown from a slightly low angle, emphasizing its size and industrial nature.

Digital Production
Color Press

Powerful printing

The **Kodak NexPress S3000** Digital Production Color Press is the most powerful digital color printing solution offered by Kodak. This workhorse delivers game-changing power and reliability that helps you dominate your market and maximize your bottom line.

Perfectly configured to meet your printing requirements

The S3000 Press is designed to meet your evolving printing needs and help you profit from the changes occurring in your business. Its modular design allows the press to grow with you.

With options for additional input and output capacity, the S3000 Press permits longer uninterrupted printing, and in-line finishing accessories help complete jobs in fewer steps.

Award-winning technology lets you print four or five colors at full rated speed. And with the optional business-building **Kodak NexPress Fifth Imaging Unit Solutions**, you can match spot colors, add watermarking or a protective coating, print MICR jobs, and create high-impact glossing that will grab your customers' attention—and help create higher margin application streams for you.

Robust substrate support

The versatile S3000 Press is designed to print on the widest range of substrates—more than 500 are supported. With offset press-like paper handling, a variety of sizes, weights, thicknesses, and surfaces are printed consistently and reliably. Industry-leading front end flexibility allows you to store even more substrate specifications so you can quickly print more of what your customers are demanding—differentiating you from your competitors.

Dependable and reliable

With high print volume, high uptime and availability are paramount. The design of the S3000 Press combines Operator Replaceable Components (ORCs) with a world-class operator support system to put you in control of your uptime, your quality, and your costs.

Dominate your
market and maximize
your bottom line.

Kodak NexPress S3000 Digital Production Color Press

Technical Data*

Base configuration

4-color print engine

4 feeders with total capacity of 11,000 sheets / 1100 mm pile height**

1 high-capacity delivery with total capacity of 5000 sheets / 500 mm pile height**

Choice of Front Ends: **Kodak NexPress V**, **NexPress Vcs** and **NexPress Vp** Front Ends

Printing speed (single sided 4/0 or 5/0)

6000 A4/letter/legal sheets per hour (100 ppm)

5454 C4 sheets per hour

4092 B4 sheets per hour

3000 A3/tabloid sheets per hour

2730 B3 sheets per hour

Double-sided printing speed (4/4 or 5/5) is half of single-sided speed

Imaging technology

Dry electrophotography, 600 dpi, multi-bit

Screens: classic, line, optimum, supra, and **Kodak Staccato DX** Screening

Maximum imageable area

340 x 510 mm (13.4 x 20 in.)

Substrate format

Maximum sheet size: 356 x 520 mm (A x B) (14 x 20.47 in.)

Minimum sheet size: 279 x 200 mm (A x B) (11 x 7.9 in.)

Dimension A (min-max) 279 to 356 mm (11 to 14 in.)

Dimension B (min-max) 200 to 520 mm (7.9 to 20.47 in.)

Substrates

Paper: uncoated, matte coated, glossy coated, cast coated and textured, wood free, and recycled, including a wide selection of standard offset papers

Special substrates: uncoated, matte coated, glossy coated labels, paper-backed transparencies, select opaque foils, magnetic, photo book paper, synthetics, pre-perforated and scored specialty stocks

Paper weight

60 to 350 g/m² (16 lb. bond/40 lb. text up to 130 lb. cover) uncoated

80 to 350 g/m² (20 lb. bond up to 130 lb. cover) coated

Paper feeding

Two 1000-sheet feeders, each with 100 mm (4 in.) pile height**

Two 4500-sheet feeders, each with 450 mm (18 in.) pile height**

Paper delivery

High-capacity delivery:

Total capacity of 5000 sheets / 500 mm (19.5 in.) pile height**

Proof delivery of 500 sheets / 50 mm (2 in.) pile height**

Paper cart

Dimensions of base configuration (LxWxH)

6036 x 2045 x 1769 mm (19 ft. 9 in. x 6 ft. 7 in. x 5 ft. 9 in.)

Weight of base configuration

3,873 kg (8,538 lb.)

Modular options/accessories

Fifth imaging unit to create 5-color print engine configuration and to enable **Kodak NexPress** Fifth Imaging Unit Solutions, listed below:

Kodak NexPress Intelligent Color Solution

Kodak NexPress Intelligent Coating Solution

Kodak NexPress Intelligent Glossing Solution

Kodak NexPress Intelligent MICR Solution

Kodak NexPress Glossing Unit for Intelligent Glossing Solution

Additional high-capacity delivery

Additional paper cart

Additional node for **Kodak NexPress** Front End

In-line booklet maker

Roll feeder

*Actual measurements are in metric units.
Conversions to U.S. units have been rounded.

**Capacity measured with 100 g/m² paper.
